

CARDIOTECH

GT-300 & GT-350

EKG Machine

USB Support

8-inch
LCD Screen

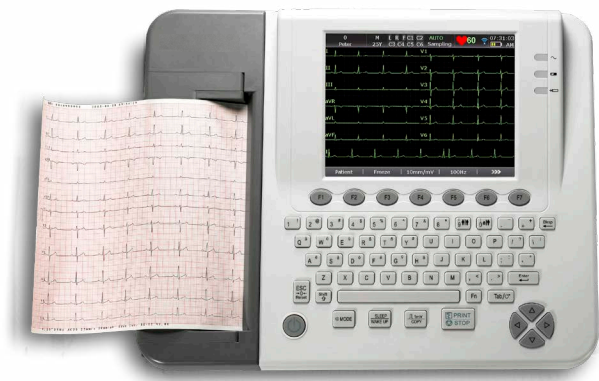

Built-in
Thermal Recorder

Expert Medical Care

The CardioTech GT-300 EKG machine boasts exceptional cost performance with both accurate clinical performance as well as user-friendly design.

Features

- On-board PDF Creator
- Alphanumeric Keyboard
- One-Touch Operation
- Built-In WiFi
- LCD Display
- Rechargeable Li-on Battery
- Printer
- Optional PC Software
- Barcode Scanner Support
- Shortcut Keys
- PDF, SCP, FDA-XML, DICOM

Exceptional Clinical Performance

- Weak signal detection with 24 bits A/D converter technology
- Anti-noise technology with comprehensive filters
- High CMRR over 115dB
- 120s Real-time ECG waveforms freezing and review
- Automatic measurements and interpretation tested by CSE/AHA/MIT database
- Extended printing when arrhythmia is detected
- Integrated advanced ECG analysis: Vector ECG
- 800 EKG memory

Data Management

- 100 ECG internal memory (can be enlarged by USB flash disk)
- Optional SmartECG viewer
- DATA transmitting to PC via LAN/WIFI
- PDF, SCP, FDA-XML and DICOM data export options
- Bi-directional data communication with DMS

What's the difference?

The CardioTech GT-300 EKG and GT-350 EKG are suitable for clinics, hospitals, and offices. While the machines are very similar, the GT-350 does include a few enhanced features.

GT-300

- Short-cut keys only

GT-350

- Touch screen and short-cut keys
