

Trade Up with ZOLL®: Limited-Time Savings on LTV® Ventilators

SAVE UP TO 40% FOR A LIMITED TIME

Support your teams across multiple care settings with the LTV® 1150 and LTV® 1200 ventilators.

These portable systems are designed to help clinicians manage ventilation needs in environments ranging from critical care and emergency departments to transport, long-term care, and home settings.

Why Consider the LTV Series for Your Fleet Refresh?

Versatile ventilation therapies

Offers invasive and non-invasive modes in Pressure Control, Pressure Support, Volume Control, and Spontaneous breath types.*

Simple, consistent setup

Patient presets (infant, pediatric, adult) help streamline initial configuration before clinicians change settings.

Tools that support clinical workflow

Features such as Spontaneous Breathing Trial (SBT) and oxygen resource management tools are included in the LTV 1200.

Portable design

Compact size and turbine-driven operation allow use in care environments without requiring a high-pressure air source.

Limited-Time Trade-Up Opportunity

For a short time, eligible customers can **save up to 40%** when trading up to the LTV 1150 or LTV 1200.

- No minimum purchase required
- Financing and extended payment terms available

This promotion is designed to help organizations update their ventilator fleet while continuing to support patient care across diverse clinical settings.

ExpertCare® Service is also available with POS discounting.

Contact your ZOLL sales representative for more information.
